Education

University of Waterloo Waterloo, ON

Bachelor of Applied Science, Honours Systems Design Engineering (Co-op) *Sep. 2026 – Present*

Experience

Research Assistant July 2025 – Present

Structural Biomechanics Lab, University of Waterloo *Remote*

- Built the first version of a Flask website for displaying ACL-injury risk predictions; a master's student completed the final version.
- Worked with graduate students to turn clinical ACL-injury factors into inputs for machine learning models.
- Trained a Random Forest model to classify shot quality from time-series data for a separate Gryp Technologies project and used the results to help the team draw conclusions.

Research Assistant June 2025 - November 2025

Data Mining Lab, York University *Remote*

- Annotated data for a Tesla Model 3 machine learning project and wrote programs to collect model metrics while working with PhD students.
- Used Stable Diffusion for image-generation tasks and suggested a way to use less GPU time; senior team members agreed it would work.

Learner, Riipen Labs Summer 2026

PawsKnow *Remote*

- Compared competing products and identified a lack of evidence as a barrier to customer trust in a 30-hour project for PawsKnow, a health-monitoring cat litter startup.
- Recommended giving free units to local veterinary clinics and shelters to collect feedback and testimonials, then featuring that evidence on the website.

Leadership

Vice President; formerly Project Coordinator June 2024 – June 2026

Computer Science Club, Stephen Lewis Secondary School *Thornhill, ON*

- Led the Python division, planning weekly lessons with other club executives and writing practice problems for students.
- Communicated programming fundamentals and helped students one-on-one; club attendance stayed above 20 students.

Skills and Awards

Programming: Python, C++, C#, JavaScript, HTML/CSS

Tools and Methods: Flask, Git, Random Forest Classification, Time-Series Analysis, Stable Diffusion

Awards: Ontario Volunteer Service Award, Jays Care Scholarship, President's Scholarship
